Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until:."She bled again just now, and I couldn't stop it," Dory said. Tears ran out of her eyes and down."I spoke your true name. It's not what I thought it would be. And I don't feel easy about it. As.Diamond expected to feel relieved, released, but found he felt rejected, ashamed..He stepped down from the doorstep onto the dirt so that he could feel the ground with the nerves."I don't live in this House. Under his rules:..Ivory nodded gravely. "But the Archmage lost all his power in the land of death. Maybe all magery was weakened then."..It took him a long time to cross the cavern. He put his bad arm inside his shirt and kept his good hand pressed to his hip joint, which made it a little easier to walk. The walls narrowed gradually to a passage. Here the roof was much lower, just above his head. Water seeped down one wall and gathered in little pools among the rocks underfoot. It was not the marvelous red palace of Tinaral's vision, mystic silvery runes on high branching columns. It was only the earth, only dirt, rock, water. The air was cool and still. Away from the dripping of the stream it was silent. Outside the gleam of werelight it was dark..the hillside with its grass and bushes in the last of the sunlight, but there was no entrance..Nobody would touch him. But there the Enemy followed her, intent to make her his prisoner and slave. She took refuge at the Springs of Ensa, where, with her knowledge of the Old Powers of the place, she could withstand the Enemy and force him off the island. "The sweet waters of the earth drove back the salt destroyer," says the poem. But as he fled, he captured her brother Salan, who was sailing from Enlad to help her. Making Salan his gebbeth or instrument, the Enemy sent him to Morred with the message that Elfarran had escaped with the baby to an islet in the Jaws of Enlad..smoke he saw far down the shore. "Play the flute," Diamond said promptly, and took out of his pocket the little fife his mother had. "Get the sail down," Medra said, peremptory. The master yawned and cursed and began to shout commands. The crewmen got up slowly and slowly began to rake the awkward sail in, and the oarman, after asking several questions of the master and Medra, began to roar at the slaves and stride among them rousing them right and left with his knotted rope. But you can undress on the beach." .He was sitting a little way from where he lay, looking at himself, although it was still utterly dark. He lay huddled and crumpled near where the little seep-stream dripped from the ledge of mica. Not far away lay another huddled heap, rotted red silk, long hair, bones. Beyond it the cavern stretched away. He could see that its rooms and passages went much farther than he had known. He saw it with the same uncaring interest with which he saw Tinaral's body and his own body. He felt a mild regret. It was only fair that he should die here with the man he had killed. It was right. It's my horse needs a good bed; he's tired. I'll sleep in the barn and be off in the morning. Cows are a pleasure to sleep with on a cold night.
