Science fiction is a small country which for years has maintained a protective standards-tariff to encourage native manufactures. Many readers are, in fact, unacquainted with the general canon of English literature or the standards of criticism outside our own small field. Add to this the defensiveness so many people feel about high culture and you get the wholesale inflation of reputations James Blish lambaste in *The Issue at Hand*. Like him, I believe that somebody has to stop handing out stars and kisses: If "great writer" means Charles Dickens or Virginia Woolf (not to mention William Shakespeare), then it does not mean C. S. Those had been stirring years, vibrant years, inspiring years. Fallows remembered the floodlit parades .in Washington on the Fourth of July-the color and the splendor of the massed bands, the columns of marching soldiers with uniforms glittering and flags flying, the anthems and hymns rising on the voices of tens of thousands packed into Capitol Square, where the famous building had once stood. He remembered strutting into a high-school ball in his just acquired uniform of the American New Order Youth Corps and pretending haughtily not to notice the admiring looks following him wherever he went. One minute passed; perhaps they could have tricked the girl into bringing it up herself. Two minutes; they could have tied a string to the leg of a frog and sent him down to do the searching. Three minutes; there was not a bubble on the water, and Amos surprised himself by deciding the only thing to do was to jump in and at least try to save the prince. Miss Tremaine looked up from her typing at the rattle and frowned. Her desk was out in the small reception area, but I had arranged both desks so we could see each other and talk in normal voices when the door was open. It stayed open most of the time except when I had a client who felt secretaries shouldn't know his troubles. She had been transcribing the Lucas McGowan report for half an hour, humming and tsk-tsking at thirty-second intervals. She was having a marvelous time. Miss Tremaine was about forty-five, looked like a constipated librarian, and was the best secretary I'd ever had. She'd been with me seven years.
