

## HESIODE ET SON POEME MORAL

Having ridden from the church to the cemetery with Hanna, his housekeeper, Paul chose to walk home. The distance between Perri's new bed and her old was only three miles, and the afternoon mild..By comparison, the strip club-neon aglow, theater lights twinkling----looked warm, cozy. Welcoming..In the glamorous cocktail lounge of this elegant hotel, Junior was necessarily forced to use other of Zedd's techniques-and more brandy--to liberate from his subconscious the name of the caller on the Ansaphone. Max. The caller had said, It's Max..More walls than not, in both rooms, were lined with bookshelves and file cabinets. Here he kept numerous case studies of accidents, man-made disasters, serial killers, spree killers: proof undeniable that humanity was a fallen species engaged in both the unintentional and calculated destruction of itself..Like all ICU waiting rooms, where Death sits patiently, smiling in anticipation, this lounge was clean but drab, and the utilitarian furnishings didn't pamper, as though bright colors and comfort might annoy the ascetic Reaper and motivate him to cut down more patients than otherwise he would have done..He found nothing especially gratifying, switched off the lights, and moved on to the living room. If Cain was coming home, he could glance up from the street and see lights ablaze here, so Vanadium resorted to a small flashlight, always carefully hooding the lens with one hand..The gunshot was louder-and the pain initially less-than he expected. Timpani-boom, timpani-boom, the explosion echoed back and forth through the high-ceilinged apartment..He stared I out at the congregated ghosts of fog, white multitudes that entirely obscured the bay, as if all the sailors ever lost at sea had gathered here, pressing at the window, eyeless forms that nevertheless saw everything..Celestina smiled distractedly. Since arriving at the hotel an hour ago, she had been openly debating with herself whether to call her parents in Spruce Hills or to wait until later in the afternoon, when she might be able to report not just that she had a fianc?, and not only that she had a fianc? who'd been shot and nearly killed, but also that his condition had been upgraded from critical to serious. As she'd explained to Tom, in addition to worrying them with the news about Cain, she'd be stunning them with the announcement that she was going to marry a white man twice her age. "My folks don't have one ounce of prejudice between them, but they sure do have firm ideas about what's appropriate and what's not." This would ring the big bell at the top of the White Family Scale of the Inappropriate. Besides, they were preparing for the funeral of a parishioner, and from personal experience, Celestina knew their day would be full. Nevertheless, at ten minutes past eleven, after picking at her breakfast, she finally decided to call them..BARTY TODDLED, Barty walked, and ultimately Barty carried a pie for his mother on one of her delivery days, wary of his balance and solemn with responsibility..Returning to his apartment, Edom had to pass under the limbs of the majestically crowned oak that dominated the deep yard between the house and the garage..She loosened her hair and brushed it out, and Nolly took her to dinner at their favorite place, which had the decor of a classy saloon and a bay view suitable for God's table. They came here often enough that the maitre d' greeted them by name, as did their waiter..Because drugs foil all efforts at self-improvement, Junior had no use for the cocaine and acid. He didn't dare sell them to recover his money; even five thousand dollars wasn't worth risking arrest. Instead, he gave the pharmaceuticals to a group of young boys playing basketball in a schoolyard, and wished them a Merry Christmas. The twenty-fourth of December began with rain, but the storm moved south soon after dawn. Sunshine tinselled the city, and the streets filled with last-minute holiday shoppers..Now Barty peered at the card, smacked his lips, smiled, and said, "Ga." With a flatulent squawk of the butt trumpet, he soiled his diaper.,Mrs. Lombardi had no visitors. She was alone in the world, her two children and her husband having passed away long ago..Phimie said the creep thought it was funny, but using Daddy's voice as background music also ... well, aroused him, maybe because it further humiliated her and because he knew it would humiliate our father. But we never told Daddy that part of it. Neither of us saw any useful reason for telling him..Using a false name, claiming that he was an adoptee, Junior made inquiries with several child-placement organizations, as well as with state and federal agencies. He discovered that Wulfstan's story was true: Adoption records were sealed by law for the protection of the birth parents, and getting at them was all but impossible..Indeed, he would get through the rest of 1965 without resorting to another homicide. The nonfatal shooting in September would be regrettable, quite messy, painful-but necessary, and calculated to do as little damage as possible..Needlepoint, meditation, and even sex had not recently provided him with significant relief of tension. The paintings of Sklent and the works of Zedd were packed in the van, where he couldn't at the moment take solace from them.. "If you don't, your feeling gland isn't working. Want me to read you to sleep?". Lipscomb turned to Celestina. "Before lapsing into semicoherence again, your sister said, 'Beezil and Feezil are safe with her,' which may sound less than coherent to you, but not to me..". This Monday morning in Oregon was bleak, with the swollen, dark bellies of rain clouds swagging low over the cemetery, a dreary send-off for Naomi, even though rain was not yet falling..He was as solid as any boy. He was in the day but not in the rain. He was moving toward the back of the car..Edom, eager to learn precisely when a tidal wave or falling asteroid would bring his doom, fetched a pack of cards from a cabinet in the parlor. When Maria explained that only every third card was read and that a full look at the future required four decks, Edom returned to the parlor to scare up three more..Now, trouble. Different from what he'd experienced before but just as powerful and terrifying. He didn't need to regurgitate, but he desperately needed to evacuate..Agnes's chilled bones. Pushing a tangle of wet hair away from her face, she realized that her hands were shaking.. "Blood tests should reveal whether the child's yours or not. That also might explain all this..". "She's got preeclampsia. It's a condition that occurs in about five percent of pregnancies, virtually always after the twenty-fourth week, and usually it can be treated successfully. But I'm not going to sugarcoat this, Celestina. In her case, it's more serious. She hasn't been seeing a doctor, no prenatal care, and here she is in the middle of her thirtyeighth week, about ten days from delivery..". Airborne,

Phimie complained of ringing in her ears, which might have been related to the flight. She also suffered an episode of double vision and, in the airport after landing, a nosebleed, which appeared to be related to her previous symptoms..Because he kept imagining the stealthy sounds of a dead cop rising in vengeance behind him, Junior switched on the radio. He tuned in a station featuring a Top 40 countdown..Applying his intelligence now, he employed simple meditation techniques to calm himself and to slow his heartbeat. The cop was trying to rattle him into making a mistake, but calm men did not incriminate themselves..She heard the door, and when she opened her eyes, the bay had already slid out of the car, into the downpour again. She called him back, but he kept going..Fed up with them and with this exhibition, Junior half wished that he would again be stricken by violent nervous emesis. Even in his suffering, he would enjoy spraying these insistently appealing canvases with the reeking ejecta of his gut: criticism of the most pungent nature..In the main room, on his way toward the front door, Junior saw Celestina White surrounded by adoring fatheads, nattering ninnies, dithering dolts, saps and boneheads, oafs and gawks and simpletons. She was still as gorgeous as her shamelessly beautiful paintings. If the opportunity arose, Junior would have more use for her than for her so called art..To see his newborn baby girl, Barty shared the sight of other Bartys, and he so adored this little wrinkled Mary that he sustained his vision all day, until a thunderous migraine became too much to bear and a sudden frightening slurring of speech drove him back to the comfort of blindness..The street in front of the gallery was as flooded by a sea of fog as the alleyway at the back. The headlights of passing traffic probed the gloom like beams from deep-salvage submersibles at work on the ocean floor.. "But the breed is nervous, dear. With a nervous breed, you just never know, do you?..He half expected to hear Thomas Vanadium in the distance, softly singing "Someone to Watch over Me." Junior was accustomed to having women seduce him. His good looks were a blessing of nature. His commitment to improving his mind made him interesting. Most important, from the books of Caesar Zedd, he had learned how to be irresistibly charming..He said, "There's a whiteness in Barty's right pupil ... which I think indicates a growth. The distortions in his vision are still there, though somewhat different, when he closes his right eye, so that indicates a problem in the left, as well, even though I'm not able to see anything there. Dr. Chan has a full schedule tomorrow, but as a favor to me, he's going to see you before his usual office hours, first thing in the morning. You'll have to start out early."..The sleeves of the pajama top were pushed up, revealing more of the disease's vicious work. The muscles of her useless left arm had atrophied; the once graceful hand curled in upon itself, as though holding an invisible object, perhaps the hope she never abandoned..She closed her eyes, and he thought that she was gone, but then she opened them again. "There is one place beyond all the ways things are."..No one had actually been here. And he still didn't believe in ghosts, so he didn't think that a spirit had been wandering his home in his absence.. "By law, adoption records are sealed and so closely guarded that you'd have an easier time acquiring a complete roster of the CIA's deep cover agents worldwide than finding this one baby."..She switched on the windshield wipers. Repeatedly, in the arc of cleared glass, the graveyard was revealed in sharp detail, and yet the place remained less than fully familiar to her. Her whole world had been changed by Barty's dry walk in wet weather..On the day that Vanadium attended the graveside service for Seraphim and subsequently stopped at Naomi's grave to needle Cain, he had suspected that Phimie didn't die in a traffic accident, as claimed, but he hadn't for a moment thought that the wife killer was in any way connected. Now, finding this gallery brochure in the nightstand drawer seemed to be one more bit of circumstantial proof of Cain's guilt..Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda..Less cautious than the typical accountant, perhaps mellow in this season of peace, Prosser opened the door without hesitation..In the kitchen again, Junior spread the blanket on the floor, to one side of the blood. He rolled Vanadium onto the blanket, and drew the ends of it together, fashioning a sled with which to drag the detective out of the house..Twenty minutes later, at home, he poured sherry over ice. Sipping, he stood in the living room, admiring his two paintings..Among these people was an old man whom they called, among themselves, the Changer. He showed Otter a few spells of illusion; and when the boy was fifteen or so, the old man took him out into the fields by Serrenen to show him the one spell of true change he knew. "First let's see you turn that bush into the seeming of a tree," he said, and promptly Otter did so. Illusion came so easy to the boy that the old man took alarm. Otter had to beg and wheedle him for any further teaching and finally to promise him, swearing on his own true and secret name, that if he learned the Changer's great spell he would never use it but to save a life, his own or another's..Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair..Here again were these peculiar grammatical constructions, which sometimes she had thought were just the mistakes that even a prodigy could be expected to make, and which sometimes she had interpreted as expressions of fanciful speculations, but which lately she had suspected were of a more complex-and perhaps darker-nature. Now her dread took form, and she wondered if the personality disorders that had shaped her brothers' lives could have roots not just in the abuse they had taken from their father, but also in a twisted genetic legacy that could manifest again in her son. In spite of his great gifts, Barty might be destined for a life limited by a psychological problem of a unique or at least different-nature, first suggested by these occasional conversations that seemed not fully coherent..The moon shimmered, and the stars blurred-but only briefly, for her devotion to this boy was a fiery furnace that tempered the steel of her spine and brought a drying heat to her eyes. Without Franklin Chan's full approval but with his complete understanding, Agnes took Barty home. On Monday, they would return to Hoag Hospital, where Barty would receive surgery on Tuesday..He had nothing against men or women of color. Live and let live. One earth, one people. All of that..She woke weeping from the dreams, and she wanted no witnesses. She wasn't embarrassed by her tears. She just didn't want to share them with anyone but Barty..Granted that he was only three going on four, nevertheless Barty had never met anyone with as much cheerful imagination

as Angel. He intended to marry her in, oh, maybe twenty years..Sheena Hackachak, at forty-four, was more beautiful than any current movie star. She looked twenty years younger than her true age, and she so resembled her late daughter that Junior felt a rush of erotic nostalgia at the sight of her..To buy as much time as possible while Enoch Cain's assault was still fresh in Celestina's mind, Tom proposed that they remain hidden away for another two weeks, unless the killer was apprehended sooner. "Then if you go to Wally's house from here, you'll want to install the best alarm system you can get, and you should lead a restricted life for quite a while, even hire security if you can afford it. The smartest thing would be to move out of San Francisco as soon as Wally's recovered. He retired young, right? And a painter can paint anywhere. Sell the properties here, start over somewhere else, and make the move in such a way that you can't be easily traced. I can help you work that out." She couldn't explain her anxiety to him, because he believed in the supremacy of laws, in the justice that might be delivered in this life, in a comparatively simple reality, and he would not comprehend the gloriously, frighteningly, reassuringly, strangely, and deeply complex reality Agnes occasionally perceived-usually peripherally, sometimes intellectually, but often with her heart. This was a world in which effect could come before cause, in which what seemed to be coincidence was, in fact, merely the visible part of a far larger pattern that couldn't be seen whole..Agnes had read the last half of *Red Planet* to Barty just the previous night, but he brought the book with him, to read it again.."No, no. But being around him so much, inevitably I absorb some details. He's a compelling speaker when the subject interests him." She asked Edom to stay in the main house, so Barty wouldn't be alone while she visited Maria Gonzalez for an hour or two. He was pleased to oblige, settling down to watch a television documentary about volcanoes, which promised to include stories about the 1902 eruption of Mont Pelee, on Martinique, which killed 28,000 people within minutes, and other disasters of colossal proportions..With Barty's presence, Christmas Eve dinners had become even more agreeable, especially this year when he was almost-three-going-on-twenty. He talked about the visits to friends that he and his mother and Edom had made earlier in the day, about Father Brown, as if that cleric-detective were real, about the puddle-jumping toads that had been singing in the backyard when he and his mother had arrived home from the cemetery, and his chatter was engaging because it was full of a child's charm yet peppered with enough precocious observations to make it of interest to adults..The house was empty, silent. Hanna worked only days. Nellie Oatis, Perri's companion, was not employed here anymore..Police identified Junior as the prime suspect, and newspapers featured his photograph in most stories. They referred to him as "handsome," "dashing," "a man with movie-star good looks." He was said to be well known in San Francisco's avant-garde arts community. He got a thrill when he discovered that Sklent was quoted as calling him "a charismatic figure, a deep thinker, a man -with exquisite artistic taste .... so clever he could get away with murder as easily as anyone else might get away with double-parking. " "It's people like him," Sklent continued, "who confirm the view of the world that informs my painting." He needed to keep moving, conduct the search, find the watch, and get the hell out of here, but he couldn't stop staring at the musician. Something about the cadaver made him nervous-aside from the fact that it was dead and disgusting and, if he was caught with it, a one-way ticket to the gas chamber..At the foot of the bed: a cedar chest. Four feet long, two feet wide, perhaps three high. Brass handles..This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires..Nearly two weeks ago, in the Spruce Hills hospital, Junior had been drawn by some strange magnetism to the viewing window at the neonatal-care unit. There, transfixed by the newborns, he sank into a slough of fear that threatened to undo him completely. By some sixth sense, he had realized that the mysterious Bartholomew had something to do with babies.."I'm glad to hear it," Tom said. His thin smile might have been ironic, though it wasn't easy to interpret the meaning of any subtle expression on his hammered face."It isn't just the rotten railing," Junior said, still paging through the report, his outrage growing. "The stairs are unsafe." The old man assumed the solemn and knowing expression of one guarding mysteries, a sphinx without headdress and mane. "If I told you, dear lady, it wouldn't be magic anymore. Merely a trick." A stab of horror punctured Celestina as she failed to repress a mental image of a carnival-sideshow monster, half dragon and half insect, coiled in her sister's womb. She hated the rapist's child but was appalled by her hatred, for the baby was blameless.."It isn't that, Daddy. You remember, when we were all together the day before yesterday, how afraid Phimie was of this man. Not just for herself ... for the baby." In the instant that Junior had shoved Naomi into the rotted railing, he had foreseen this visit from Rudy, Sheena, and Kaitlin. He'd known he could pretend to be offended at the state's offer to put a price on his loss, could feign revulsion, could resist convincingly--until gradually, after grueling days or weeks, he reluctantly allowed the indefatigable."I've always wanted to learn the piano myself," Junior claimed, "but I guess you really have to start young." The nurse was in was gone, but Maria remained in attendance. She the vinyl-and-stainless-steel armchair, busy at.The floor of the spacious bathroom featured beige marble tiles with diamond-shaped inlays of black granite. The countertop and the shower stall were fabricated from matching marble, and the same marble was employed in the wainscoting..The artist, six feet four and two hundred fifty pounds, looked markedly more dangerous in person than in his scary publicity photo. Still in his twenties, he had white hair that fell limp and straight to his shoulders. Dead-white skin. His deep-set eyes, as silver-gray as rain with an albino-pink undertone, had a predatory glint as chilling as that in the eyes of a panther. Terrible scars slashed his face, and red hash marks covered his big hands, as though he'd frequently defended himself barehanded against men armed with swords..At the conclusion of the ceremony, he relinquished his secondhand sight. He would live in darkness until Easter of

1986, though every minute of the day was brightened by his wife. "I was never Cary Grant, to begin with," said Vanadium, still ceaselessly rolling the quarter across his fingers, "so I had no big emotional investment in my appearance. Cosmetic surgery would have added another year of recuperation time, probably much longer, and I was anxious to get after Cain. Seemed to me this mug of mine might be just the thing to scare him into an incriminating mistake, even a confession." Instead, he encountered an elderly woman getting out of a red Pontiac with a fox tail tied to the radio antenna. A quick glance around confirmed that they were unobserved, so he clubbed her on the back of the head with the butt of his 9-mm pistol. With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him. "It's just ... the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their bodies in a vat of acid in his workroom." He shuddered. After much oily commiseration, sanctimonious babble about Naomi having gone to a better place, and insincere talk of the government's desire always to ensure the public safety and to treat every citizen with compassion, Knacker or Hisscus, or Nork, finally got around to the issue of compensation. Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons." As luck would have it, the nun said, "Dr. Lipscomb was in the when it happened. He'd just delivered another baby under. Quickly, he searched for the source, but in less than a minute, before he could trace the voice, it faded away. Unlike that night in December, this time the singing didn't resume. Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails. In this brighter light, he further examined the gallery brochure and discovered Celestina's photograph. She and her sister were not as alike as twins, but the resemblance was striking. Tom had acted with the best intentions-but also with the intelligence and the good judgment that God had given him and that he had spent a lifetime honing. Good intentions alone can be the cobblestones from which the road to Hell is built; however, good intentions formed through much self-doubt and second-guessing, as Tom's always were guided by wisdom acquired from experience, are all that can be asked of us. Unintended consequences that should have been foreseeable are, he knew, the stuff of damnation, but those that we can't foresee, he hoped, are part of some design for which we can't be held responsible. "That was five years ago. After more surgeries than I care to remember, I was left with these." He raised his goblin hands again. "There's pain in humid weather, less when it's dry. I can take care of myself, but I'll never be a card mechanic again ... or a magician." "Me too." He closed the ring box. Took a deep breath. Opened the box again. "Celestina, when I met you, my heart was beating but it was dead. It was cold inside me. I thought it would never be warm again, but because of you, it is. You have given my life back to me, and I want now to give my life to you. Will you marry me?" On the lawn, Koko, their four-year-old golden retriever, was lying on her back, all paws in the air, presenting the great gift of her furry belly for the rubbing pleasure of young Mistress Mary. Already another contraction racked her, so intense that the pain was not limited to her lower back and abdomen, but seared the length of her sphic, like an electric current leaping vertebra to vertebra. Her breath pinched in her chest as though her lungs had collapsed. Dr. Lipscomb inclined his head slightly toward the pianist, in the manner of a stem headmaster about to emphasize a lesson with a sharp twist of the offending boy's ear. "Miss White and the baby will have vacated these premises by the end of the week-unless you insist on bothering them with your chatter. For every minute you harass them, their departure will be extended one day." In Losen's service was a man who called himself Hound, because, as he said, he had a nose for witchery. His employment was to sniff Losen's food and drink and garments and women, anything that might be used by enemy wizards against him; and also to inspect his warships. A ship is a fragile thing in a dangerous element, vulnerable to spells and hexes. As soon as Hound came aboard the new galley he scented something. "Well, well," he said, "who's this?" He walked to the helm and put his hand on it. "This is clever," he said. "But who is it? A newcomer, I think." He sniffed appreciatively. "Very clever," he said. With the uniformed troopers was a stocky, late-fortyish, brush-cut man in black slacks and a gray herringbone sports jacket. His face was almost pan flat, his first chin weak, his second chin stronger than the first, and his function unknown to Junior. He would have been the least likely man to be noticed in a ten-thousand-man convention of nonentities, if not for the port-wine birthmark that surrounded his right eye, darkening most of the bridge of his nose, brightening half his forehead, and returning around the eye to stain the upper portion of his cheek. were uniformly negative, frequently hilarious, but never as succinct and violent as Sklent's. The hospital room was softly lighted, and shadows roosted on all sides like a flock of slumbering birds. "I'm a less philosophical sort than Kathleen," Nolly said, "so what I've been wondering is where you learned the tricks with the quarter. How is it you're priest, cop-and amateur magician?" At the front, a soft spotlight a focused on the life-size crucifix. The only additional illumination came from the small bulbs over the stations of the cross, along both side walls, and from the flickering flames in the ruby glass containers on the votive-candle rack. "AND I DRINK CHAMPAGNE ALL DAY," said Miss Cheese, pronouncing it "cham-pay-non." Worse, the vengeful and vicious bitch-or bastard, whatever-evidently had made up vile stories about him, which on a slow evening she'd shared with Neddy, with the bartender, with anyone who would listen. The staff of the lounge believed Junior was a dangerous sadist, No doubt she had concocted other lurid stories, as well, charging him with everything from a degenerate interest in bodily wastes to the selfmutilation of his genitalia. "Sure they do," said Wally as he unlocked the two deadbolts. "But you gotta be twenty-one years old to get a license for one." Following a splendid lunch, having just left the fourth gallery on his list and strolling toward the fifth, Junior didn't at once

see the source of the quarters. Indeed, when the first three rapid-fire coins hit the side of his face, he didn't even know what they were. Startled, he flinched and looked down as he heard them ring off the sidewalk..The physician saw the look and understood it. A blush pinked his long, pale face. "Celestina, you're quite beautiful, and I'm sure you've learned to be wary of men, but I swear that my intentions are entirely honorable.".With everyone in the diner now aware of Junior, with every head turned toward him and with every wary eye tracking him, he dropped the bun cap and the mustard dispenser on the floor. Barging through the swinging gate at the end of the lunch counter, he entered the narrow work area behind it..Even someone of saintly habits and selfless behavior might be a monster in his heart, filled with unspeakable desires, which he might act upon only once or never..Halos and rainbows loomed in her memory, ominous as they had never been before..He smiled and shrugged. "I used to be a fisher of men. Now I hunt them. One in particular.".Aftermath was not important. Only movement mattered. Just forget the busload of nuns smashed on the tracks, and stay with the onrushing train. Keep moving, looking forward, always forward..THE DEAD DETECTIVE, grinning in the moonlight, a pair of silvery quarters gleaming in the sockets once occupied by his eyes..Symptoms of food poisoning usually appear within two hours of dining. The hideous intestinal spasms had rocked him at least six hours after he'd eaten. Besides, if the culprit were food poisoning, he would have vomited; but he hadn't felt any urge to spew..The boy fell and rolled even as he pitched the can, anticipating the shots that Cain fired, which cracked into the doorframe inches from Tom's knees..The most shameful thing Junior found was the "art" on the walls. Tasteless, sentimentalized realism. Bright landscapes. Still lifes of fruit and flowers. Even an idealized group portrait of Prosser, his late wife, and Zelda. Not one painting spoke to the bleakness and terror of the human condition: mere decoration, not art..So runs the water away..She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, Sat her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused..The dinner guest leaned back into the car, as though to retrieve something. Perhaps he, too, had been considerate enough to bring a small gift for his hostess.
