Briefly, to answer other statements in the letters: I apologize for implying that Tolkien's hobbits and Ents (or his other bucolic-comic creations) are as empty-sublime as the Big People's heroics. But I agree (see question S) that Tolkien is a good, interesting, minor writer whose strong point is his paypages moralists. Ditto C S. Lewis, in his Naraya books. As for other writers mentioned, only strong, selective blindness could miss the Vancian cynicism or the massive Dunsanian irony (sometimes spilling over into despair) which make their heroism far from simple or unquestioned-by-the-authors-them-selves. As for the others, I find them ghastly when uncorrected by i comedy, or satire (Morris, sometimes), or (in Beagle's case) the nostalgic wistfulness which belongs to fantasy per se rather than the Corporation and their ability to respond quickly to any technical challenge..He smiled at her.
