Critical judgments are so complex (and take place in such a complicated context), the vocabulary of praise and blame available in English is so vague, so fluid, and so constantly shifting, and the physical space allowed is so small that critics welcome any way of expressing judgments that will be both precise and compact. If vivid be added thereunto, fine?what else is good style? Hence critics, whenever possible, express their judgments in figurative language. The fated encounter took place at Morone's One-Stop Shopping, a mom-and-pop mini-grocery on Sixth Ave. right next to the International Supermarket. Although Morone's charged more for most items, Barry preferred shopping there because it offered such a limited and unchallenging range of choices (cold meats, canned goods, beer, Nabisco cookies) that he never felt intimidated and ashamed of his selections at the check-out counter. He hated to cook, but was that any reason he should be made to feel inadequate? Morone's was made to order for people like Barry, of which there are great numbers..in all subjects he wanted to avoid.
