She underlined her question with a Mona Lisa smile, and Barry, for all his indignation and outrage, couldn't keep from smiling back. Anyone who could drop a word like "quixotic" into the normal flow of conversation and make it seem so natural couldn't be all wrong.."No, I am not saying that SP3 could be modified from a robot craft to carry a human crew. The design could not feasibly be modified at this late stage. Too many things would have to be thought out again from the beginning, and such a task would require decades. And yet, nothing comparable to SP3 is anywhere near as advanced a stage of design at the present time, let alone near being constructed. The opportunity is unique and cannot, surely, be allowed to pass by. But at the same time we cannot afford the delay that would be needed to take advantage of that opportunity. Although Morone's charged more for most items, Barry preferred sbdppng there because it offered such a limited and unchallenging range of choices (cold meats, canned goods, beer, Nabisco cookies) that he never felt intimidated and ashamed of his selections at the check-out counter.
